

NPI PROJECT ENGINEER

Tewkesbury, Gloucestershire

£40 – 45k

ABOUT HELANDER

Helander are a trusted and recognised key provider of precision components and engineering solutions to the aerospace and defence, oil and gas, nuclear, construction, marine and industrial sectors. Helander has over 45 years' experience working to the highest industry standards, controls, and compliance.

We are looking for an experienced **NPI Project Engineer** which is an engineering led role to facilitate/manage the introduction of all new products from contract review and throughout manufacture.

THE NPI PROJECT ENGINEER WOULD BE RESPONSIBLE FOR:

- Compilation and management of an accurate, achievable project plan to monitor and track progress of New Product Introduction
- Timely scheduling and management of all associated processes

THE NPI PROJECT ENGINEER WILL HAVE EXPERIENCE IN:

- Managing NPI development teams delivering excellent RFT an OTIF metrics
- Ensuring compliance with all associated contracts and statutory requirements
- Managing components/assemblies/projects through processes pre and post manufacture
- Actioning a team to agree method and route of manufacture with timeframes for 3D CAD, work holding, tooling, programming and quality requirements
- Track all parts through engineering, manufacture and quality
- Strong MS Office competencies (Excel, Word, Project)
- Extensive knowledge of CNC manufacturing methods.
- Expertise in materials, processes, and treatments

This role would suit a technical NPI Project Engineer who has strong commercial, technical, project and risk management skills. Experience in a similar role would be advantageous.

HOURS

Office hours are 7:30 – 16:00 hours Monday to Thursday and 7:00 – 13:00 Friday

BENEFITS
